

# Statement of Purpose

## **Who Will Benefit:**

Our Service is for adults with Asperger Syndrome, and other related conditions, who require specific understanding and high levels of support in order to help them to learn appropriate ways of dealing with their condition, and to be able to transfer acquired skills and knowledge into ways of dealing with other people and situations of everyday living. Our service provides a community based programme activities, which are more suitable for clients who are active and able to access a greater degree of independence. Our service can cater for clients of either gender, within the age range of 18-55 years. We will consider older residents if they are able to actively take part in the programmes we offer, and in line with Alexandra Homes' Referral Criteria. Our service is not suitable for residents who have significant mobility difficulties or nursing needs

## **Our Ethos:**

We believe people with Asperger's Syndrome and Autism are unique and have many skills and talents. We firmly believe that with appropriate, high levels of support, guidance, supervision and encouragement, people with Asperger's Syndrome and Autism can be integrated into the community to a much greater degree.

We believe that clients can take the lead in many areas of their lives and support and are consulted in regards to how the house is decorated, what meals are available, what support they want and need, and how they want to live their lives. This is discussed in Internal reviews, questionnaire forms and monthly resident's meetings.

We promote client empowerment by encouraging Clients to speak out about concerning issues. This is done by encouraging clients to make complaints, monthly residents meetings quarterly questionnaire feedback forms, regular internal review meetings and role-playing situations to help clients to express their views and to have a voice.

We strongly believe that there should be;

**“No decision about me without me”**

## **Our Aims:**

Our main aim is to work with and support our Clients to become active and valuable members of the community in which they live and to develop a range of skills to enable them to grow in confidence, build their self-esteem, and therefore, giving them greater independence to integrate into the local community. It is our goal to support clients to be a valued and accepted member of their community and to feel that they can contribute and make a difference. We aim to provide a secure, positive and friendly environment, which is

flexible enough to meet the needs of the individual and the group. To achieve our aims we will provide the following:

- An individual approach and packages of intervention, based on individual assessments and on-going evaluation. Support plans, goals, ambitions and progress are discussed with the clients at Internal review meetings on a four-monthly basis. The client is at the heart of the meeting and is consulted about their support, the décor, food and resources at the house, what is going well and what they would like to change.
- Creative opportunities for our clients to express and develop their individual identity, in accordance with their welfare, safety and protection. Health and wellbeing plans have been designed to ascertain the likes, dislikes, goals and ambitions of the client and suitable community based groups, jobs and opportunities are researched by residents and Support staff.
- Linking with other agencies such as Community Learning disability teams, local autism services, local wildlife trusts, sports groups and many other agencies to provide a wide range of support and opportunities for clients. We also invite guests such as dental nurses, fire safety officers and police officers to speak to clients and to give them advice and information.
- Promote staff training and development to ensure our staff teams have the appropriate skills, knowledge and understanding to deliver specialist packages of care and support.

## **Staffing Levels & Staff Training:**

To ensure appropriate levels of support, progress and development for all residents, staffing levels will be high enough to reflect their identified needs and will be in line with the requirements of referring authorities. Staffing levels will also take account of risk assessments in relation to activities and other areas identified in individual Support Plans, to ensure safe staffing levels are maintained at all times. In normal circumstances, staffing throughout the nighttime hours (between 10:30pm and 8:00am) reduce accordingly to reflect residents normal sleeping patterns. Where the need arises, because of illness or changes to support needs, staffing levels will be reviewed and changed appropriately, which will be documented in the resident's Support Plan / Risk Assessment.

We have experienced teams of staff, who are trained to a minimum of a level 2 Diploma in Health & Social Care, and many of them will also have specialist knowledge of Asperger Syndrome. All staff are inducted, trained, supervised and appraised through our own Nationally Accredited Training Centre, which is registered with City & Guilds and approved to deliver Diplomas and other qualifications in the area of Health & Social Care, under the Qualification Credit Framework.

A programme of training and professional development is in place for all staff, which includes training in non-abusive psychological and physical intervention, provided by NAPPI UK, accredited through BILD (British Institute of Learning Disabilities) and relevant to the training of staff who work with people with Autism. In addition, we also provide staff with training on a range of other areas including Mental Health Awareness, Safeguarding, The Mental Capacity Act and Deprivation of Liberty Safeguards, as well as many other areas. Three attached, Specialist, consultants also visit the Home on a monthly basis to provide staff support, guidance and training in their respective disciplines of, psychiatry, psychology and sexual awareness.

## **Investor in People**

Alexandra Homes (Bristol) Ltd has been assessed by Quality South West and was awarded with the Investor in Standard in December 2008, in recognition of the continuous professional development and training of staff. This was re accredited in May 2012 and again in July 2015.

## **Consultant Psychologist, Consultant Psychiatrist and Sexuality & Relationship Consultant:**

Alexandra Homes has contracted the services of a Consultant Psychiatrist, a Consultant Psychologist and a Sexuality & Relationship Consultant to work with the staff teams across the service, to enhance the specialist service we offer our residents. All the Consultants have specialist knowledge and significant experience of working with people with Asperger Syndrome, Learning Disabilities and Mental Health issues. In addition to providing advice, training and support to the staff, all the Consultants will have a significant role in our on-going process of reviewing and developing the quality of care and support we offer our residents.

## **Support Planning and Risk Management:**

Client's Support Plans and Risk Assessments are very individual and based on a Person Centered approach. These are undertaken by the Service Manager, who is a qualified Social Worker and the General Manager who is Psychology Graduate. Clients are also encouraged to participate in their support plans in quarterly internal reviews. They are encouraged to identify areas in which they would like more or less support and how they would like the support team to work with them.

## **Therapeutic Interventions:**

Any therapeutic interventions used will be provided externally, by appropriately trained and qualified professionals and they will be used according to the assessed needs of the residents, and in accordance with their agreed care and support plan.

## **Life Skills, Social Activities, and Leisure Interests:**
